

## Job Opportunities

Job Title: **KPMG 2026 ATE Consulting Summer Intern Programme - Hong Kong**

Reference Number: N/A

Organization: KPMG

Date: 2026-02-04

### Job Description:

KPMG is a global network of professional services firms providing Audit, Tax and Advisory services to many of the world's foremost companies. We operate in 142 countries and territories and have more than 275,000 people working in member firms around the world. KPMG China has offices located in more than 31 cities across China, with over 14,000 partners and staff.

Joining KPMG means that you will become an integral part of a multi-disciplinary team to help our clients excel in the changing market environment. You will enjoy world-class training and tailored career development to help fulfil your potential. You will also be motivated to learn new things every day and work with some of the best talents around the world. Our reputation as a leading professional service provider is reinforced by the wide range of awards KPMG has received over the years as the employer of choice, for our strong community involvement and our wealth of knowledge in the professional industries. We are looking for top students who are passionate, committed, and eager to succeed - all degree disciplines are welcome.

### **About Advisory to Enablement**

KPMG China's ATE consulting practice is a key player in the digital transformation journey of leading organisations across multiple industries. We turn business challenges into tangible, impactful outcomes for global clients through digital.

Work with Industry Leaders: You won't just learn from the best; you'll build the future of business with them. Impact Across Diverse Sectors: Not just one industry, but a playground of possibilities. Every project is a chance to create lasting impact and accelerate your professional growth. Become a Digital Leader: Our relentless focus on development means you'll always be at the forefront of innovation, armed with tomorrow's skills today.

A "One Team" Culture: Our Hong Kong division is one of the fastest-growing and most youthful teams within the firm. We reject silos; you will work alongside Strategy, Risk, and Transformation colleagues to deliver holistic solutions.

### **About the role**

The main duties will include:

- Advising C-suite executives on transformative technology initiatives that don't just "assist" – they generate significant, measurable business results
- Architecting real-world solutions using cutting-edge tech – AI, blockchain, cloud computing – to drive tangible outcomes
- Transforming data into strategic insights to optimise system efficiency and drive future innovation
- Diving hands-first into building and troubleshooting core systems our clients rely on to keep their digital operations running smoothly
- Developing the next generation of technology best practices and guidelines to shape future

industry standards

- Accelerating your growth through dynamic training and knowledge sharing sessions to stay ahead of the tech curve
- Fostering a culture of innovation and continuous improvement that pushes the entire team – and our clients – forward

### **Requirements**

- Ideally majoring in Business, Computer science, Computer engineering, Information systems management, or equivalent disciplines – we also welcome STEM majors or other business degree graduates with a strong passion for technology and a self-taught technical aptitude
- Strong interest in technology and a desire to gain practical experience in a professional environment
- Excellent communication and teamwork skills
- Ability to handle multiple tasks and work independently with minimal supervision
- Proficiency in Microsoft Office applications
- Knowledge of basic technology concepts and tools
- Familiarity with IT support processes and methodologies is a plus
- You can analyse complex technical problems and explain the business impact to non-technical management.
- Strong proficiency in both Chinese and English (written and spoken)

### **Internship period**

Summer internship period is from June to August

Preferably full-time (Monday to Friday, 8 hours per day); part-time is also considered.
