

# THE ADAPTIVE LEADER >>>>

# MASTERING YOUR MANAGERIAL STYLE

No business functions without leadership, but you need more than a title to be a leader. How you impact those around you depends on your managerial style. This practical and interactive workshop helps participants identify and refine their styles. Whether you are a seasoned manager seeking a professional edge or need to improve in coaching and handling difficult staff, this course will take your know-how to the next level.

## LEADERSHIP FOUNDATION & STYLES

- Learn Characteristics, Pros, and Cons of various Managerial Styles.
- Understand impact of leadership styles on staff performance.
- Align expectations using the 3+1 Model.
- Understand the link between styles and management approaches.

## EFFECTIVE COMMUNICATION & COACHING

- Master “Pull” and “Push” approaches for different situations.
- Build rapport and mutual trust through communication.
- Learn diagnostic and constructive questioning techniques.
- Use Positive Reinforcement vs. Punishment for desired outcomes.

## NAVIGATING DIFFICULT CONVERSATIONS

- Define difficult behaviors and common employee types.
- Understand 4 Key Steps for managing challenging staff.
- Deliver professional and assertive feedback.
- Manage disciplinary actions when change doesn't occur.
